

For the Fall 2010 Season, we are implementing a new online registration system. The following will walk you through some of the initial steps.

The screen below is the first one you will see. First, you will select player registration or coach/admin registration if you would like to coach a team. The system we are using is the Georgia Soccer registration system, so most players will already be in the system unless this is their first season. If you have a Georgia Soccer username and password, enter here and click login. If not, click on forgot username/password and fill out the information requested. (see next screenshot). If the system does not recognize your information, send an email to rysaadmin@comcast.net and I will be able to help you.

If your child is a first time player, click on create a new account to proceed.
