100. ADMINISTRATION

- 110. Housekeeping:** It is proposed that the GYSA staff be given the authority to renumber the GYSA Rules & Regulations and to update nomenclature that has changed because of sponsorship change or division/program name change.
- 120. GYSA Programs:** The GYSA Select Programs Divisions (Athena and Classic) and Recreational Programs are the responsibility of the respective GYSA Representatives. Each representative will appoint a committee, subject to approval of the GYSA President, to administer their program. The GYSA Board Representative shall serve as the committee chairman. A list of each committee's membership stating name, age group represented, position and contact number, shall be available in the GSSA office for all member leagues. Each Committee shall be given wide discretionary authority to administer the program as long as same is consistent with the rules and policies set by member leagues and directives from the GYSA Board of Directors in the operation of their duties. Each Committee shall be directly responsible to the GYSA Board of Directors in the operation of their duties.
- 120.1 Recreational:** The Recreational Program is a developmental soccer program for all youth players. The league accepts as participants any eligible youths, without regard to skill level (subject to reasonable terms of registration).
- The use of tryouts, invitations, recruiting or similar process to roster players to any recreational team on the basis of talent or ability is prohibited. Recreational players may not be "cut" from the team.
- A system for rostering players to teams must be used to establish a fair and balanced distribution of playing talent among all teams participating in the same age group within the league.
- 120.1a** To further enhance the Recreational Program, GYSA supports US Youth Soccer Association's teaching philosophy with respect to small-sided soccer in U-06, U-08 and U-10. This philosophy allows the game to be the teacher by maximizing each player's touches on the ball and encourages all the players to develop their skills in all positions. Further, the philosophy discourages intense competition until the older age groups.
- 120.1b** There shall be a Recreational Program Committee with one representative from each district in the Association added to the committee and each district committee member shall have a "District Recreational Program Committee" with at least three and no more than four members from that district, each from a different league. District Recreational Program Committees are responsible to the league. District Recreational Program Committees are responsible to the Recreational Program Director and are subject to GYSA review per Section 1000.

- 120.2 Athena:** The Athena Program is the select program for girls' teams, as girls' teams are defined by US Youth Soccer.
- 120.3 Classic:** The Classic Program is the select program for boys' teams, as boys' teams are defined by US Youth Soccer.
- 120.4 Academy: The Academy Program is the select developmental program for boy's and girl's teams from U-10 through U-12.**

130. Season

- 130.1** The US Youth Soccer Association Seasonal Year runs from September 1 through August 31, of the following calendar year, and shall be comprised of two seasons of play: Fall and Spring.
- 130.2** The Fall season of play commences with the first league game of the Fall season and terminates with the completion of the last league or play-off game.
- 130.3** The Spring season of play commences with the first league game of the Spring season and terminates with the completion of the last league or play-off game.
- 130.4** Select: The number of games and length of the playing seasons shall be determined by the select programs' respective committees. Every program shall provide for play in both Fall and Spring. The program committees will not schedule matches in conflict with the Snickers State Cup where applicable.

140. Participation

- 140.1** Each league participating in **Academy**, Athena or Classic play must have a minimum of one "standard" or "standard equivalent" recreation team for each select program team entered. A "standard" recreation team for a league shall be defined as any of its properly rostered U-12 or older recreation teams. A "standard equivalent" recreation team shall be defined as a team comprised of 12.5 players in the U-6, U-8, or U-10 age groups (i.e., small-sided program players). It follows that the number of "standard equivalent" teams belonging to a league is calculated by dividing the total number of U-6, U-8, and U-10 players registered in that league by 12.5.
- 140.2** Teams must meet published "Team Declaration" deadlines. Failure to meet the deadline may result in non-acceptance of team.
- 140.3** Select Programs: A condition of entry of a team is field and referee availability in proportion to the number of teams entered. Teams for which leagues are not able to provide the required fields and referees may not be admitted. Failure to provide fields and referees may result in the removal of teams from the select program.

150. Administrative Procedures

- 150.1** Any questions on rules, policies, and procedures of select divisions should be addressed to that division's committee for resolution.
- 150.2** Recreational: All recreational inter-scheduling functions shall be performed under the auspices and subject to the approval of the GYSA Recreational Director and/or Committee(s).
- 150.3** District Recreational Program Committees will ensure that all leagues have the ability to inter-schedule in a practical manner and will be subject to final review and approval of the GYSA Recreation Program Director to guarantee participation.
- 150.4** Scheduling and other administrative duties required for the coordination of each Select Division will be performed by their respective division committee.

160. Team Assignments

- 160.1** Team assignments into playing divisions and age groups by the respective committees shall be final and are not subject to appeal.
- 160.2** A team may request to play in an older age group, but not in a younger.
- 160.3** Athena: The respective committee will assign teams to appropriate playing divisions according to the following guidelines:
- 160.3a** Age groups may be divided into divisions by the Committee based on the best available information.
- 160.3b** At the end of each playing season, the Committee may reassign teams to a higher or lower division.
- 160.4** Classic: The Classic Division Committee will assign teams to appropriate playing divisions at the start of each season (i.e. - Fall & Spring), according to the following guidelines:
- 160.4a** There will be age group divisions ranging from U-10, U-11, U-12, U-13, U-14, U-15, U-16, U-17 and U-19.
- 160.4b** Classic Division I will have a maximum of **11** teams per single age group, and Classic Division II will have a maximum of **11** teams per single age group. (Note: Exact number of Division II teams will be determined by the Classic Committee and cannot be appealed.)
- 160.4c** Classic Division team placement will be determined by points accumulated during the previous season (i.e., either Fall or Spring). That is, relegation between Classic I and Classic II and Classic II and Classic III, etc., will occur twice a year and will be based season upon the points standings from the previous season.
- 1.** The bottom 2 teams in Classic I at the end of each playing season (i.e. - Fall or Spring) will play in Classic II during the next season.
 - 2.** The top 2 teams in Classic II at the end of each playing season (i.e. - Fall or Spring) will play in Classic I during the next season.
 - 3.** The bottom 2 teams in Classic II at the end of each playing season (i.e. - Fall or Spring) will play in Classic III during the next season.
 - 4.** The top 2 teams in Classic III at the end of each playing season (i.e. - Fall or Spring) will play in Classic II during the next season.
- 160.4d** Teams must maintain a majority of players from the previous season to maintain their slot unless section 160.4c-1 is appropriate, or roster has equal kind players to maintain the majority.
- 160.4e** If 2 teams in Classic II disband, and the majority of the newly-formed team is comprised of Classic II players, the new team will remain in Classic II, unless 160.4c-1 prevails, or roster has equal or greater kind players to maintain the majority.
- 160.4f** The Classic Division Committee can modify these requirements where, in its judgment, compelling considerations justify it.
- 160.4g** If one league merges with another in its entirety, the slot(s) assigned to that league's Classic Division team(s) will not be vacated, but retained by the merged entity if the team or teams meet all other Classic Rules provisions.
- 160.5 Classic -- Inter-division Relegation**

Georgia Youth Soccer Association: Rules and Regulations

230.8d The league of the home team shall maintain and forward to the state office in a manner specified by the GYSA Board, a record of all games played and registered officials employed in them.

Georgia Youth Soccer Association: Rules and Regulations

occasion in which (a) a game was played but a registered official was not used as a referee or assistant referee, or (b) a game was postponed, but not in accordance with the rules of the appropriate division.

230.8f League fines due under this provision shall be paid before any of that league's teams shall be registered in the select programs divisions for the following season.

230.9. If a league knows in advance that 3 certified and qualified referees will not be available for a select game, the game may be rescheduled with approval of the appropriate program committee. This approval will require appropriate communication with the league's referee assignor.

230.9a If a game is postponed for failure to provide required officials within the time limit for a GYSA Select Program Division game, the following criteria will apply.

230.9b The game will be replayed at the home field of the original visiting team.

230.9c In addition, the original home league will be billed for the cost of the referees required once the game has been replayed.

230.9d A game cannot be played under protest due to the lack of the required number of certified referees. If a coach agrees to play/continue play once they become aware of the number and types of referees (certified versus club), the coach gives up the right to protest the game based on the number and types of referees. This does not eliminate the right to protest other misapplications of the rules.

300. PARTICIPATION

310. Registrations, Transfers, and Releases

310.1 Recreation Programs:

310.1a Once a recreational player has registered with an affiliated league, the player is bound to that league for the specified playing season (fall or spring). Once a recreational player is rostered to a team, a transfer request is required to move to another team during that playing season.

310.1b After completion of the fall playing season for which a player signed a registration form, the player may register for the spring season with another league. A transfer form is not required when changing leagues between the fall and spring playing season.

310.1c For tournament purposes, a recreational player may play with another team as a guest player within the rules of the given tournament. Invitations to players listed on valid rosters for out-of-league play, such as indoor or guest player, must be initiated by the requesting coach through the player's current coach.

310.2. Select Programs

310.2a. Once a select program player has registered with an affiliated league, the player is bound to that league from the date that registrations are due to GYSA (Rule # 180.5 or 180.6) to the end of the upcoming seasonal year. If registration information is submitted after that date, the player is bound to that league from the date that the registration is submitted to the end of the upcoming or current seasonal year.

310.2b Once a select program player is rostered to a team, a transfer request is required to move to a team in another league (inter-league) during that seasonal year; however, a player who leaves his/her team may not transfer to a team in another league before the end of the current playing season, unless the transfer request has been approved by all parties.

310.2c A player may be released from his/her team at any time and will be put on inactive status with GYSA. In order to be returned to active status during the same seasonal year, the

Georgia Youth Soccer Association: Rules and Regulations

player must go back to his/her original affiliated league and re-register or initiate a transfer request with that affiliated league.

- 310.2d** Once a select program player is rostered to a team, that player's financial obligation as published by the club and accepted by the player must be satisfied before a transfer will be approved.
- 310.2e** If a player believes he/she has an extraordinary reason to transfer outside of the parameters stated in Rules 310.2b, 310.2c, & 310.2d, then the player must submit a transfer request with the rationale for consideration to the GYSA Registrar's Committee.
- 310.2f** Requests for transfers between teams in the same league (intra-league transfers) will be processed at any time and require a transfer form. Intra-league transfers will be permitted on a one transfer/player/seasonal year basis. The GYSA Registrar may approve an additional transfer in order to allow a player to participate when otherwise the player may not have the opportunity.
- 310.2g** For tournament purposes, a select program player may play with another team as a guest player within the rules of a given tournament. Invitations to players listed on valid rosters for out-of-league play, such as indoor or guest player, must be initiated by the requesting coach through the player's current coach or it is considered illegal recruiting. Once a coach has been informed that this player is being considered for guest play, he may not deny that player the opportunity to participate unless there is a direct conflict with a team function (regular-season game, team participation in a tournament). Additionally, a coach may not deny the other coach an opportunity to contact the player for the express purpose of inviting the player to participate in a tournament as a guest player.
1. If a member ascertains that another member of the association has violated Rule #3137, that member is entitled to seek redress by filing a grievance with the GYSA Ethics and Grievance Committee.
- 310.h** Teams within a league that registered for the fall season cannot reorganize/reform outside of the above restrictions for the spring season.
- 310.2i** No team shall be allowed to transfer from one league to another league during the seasonal year.

720.2 Should one of the teams be adjudged at fault, it shall be at the discretion of the Division Committee as to whether the game is to be replayed or declared forfeit.

720.3 Coaches who feel that their players are receiving an excessive number of cards, or that the referee has lost control of the match, are cautioned against using these reasons to justify removing their team from play.

720.4 If a coach removes his team from the field of play without proper justification, his team will forfeit the match and the coach will be suspended from his team's next match. Further D&P action may result.

720.5 Teams that do not show for scheduled games will be responsible for reimbursing the home team league for the cost of the referees' fees for that game. The Director of the Playing Division of the teams involved must officially declare the game a forfeit. A home league official must notify and bill the league of the forfeiting team, and inform the Program Director, as well as the designated GYSA administrator. League obligations under this provision shall be paid before any of that league's teams shall be registered in the select programs divisions and the inter-league recreational scheduling for the following season.

Georgia Youth Soccer Association: Rules and Regulations

720.7d The Division Committee may set the date if the two opposing coaches cannot mutually agree on an acceptable date.

720.7e The Division Committee will resolve any disputes or conflicts regarding scheduled or rescheduled games, and its decision shall be final.

A team that forfeits three (3) or more games in a playing season will be prohibited from participating in that seasonal year's State Cup or any other GYSA hosted state championship tournament. A team that forfeits three (3) or more games in a playing season will be denied travel permission for out-of-state competition for a period of one year from the date of the last forfeit. 800. Glossary

810. GYSA Club Pass System – Process that allows a player to play up in age group and/or up in competitive level within the same league. The main objective of the club pass system is to allow coaches to move players freely within their own association, based on player development needs and specific team needs. Players can only play in the same **age group at a higher division of play or in an older age group at the same or higher division of play.** Players can only play for one team per day.

- 810.1 Use of GYSA Club Pass System is only permitted in the Athena and Classic Programs.**
- 820.** Select -- Programs that do allow tryouts.
- 830.** Playing Season -- The period of time, Spring or Fall, during which league games are played.
- 840.** Recreational -- Programs that do not allow tryouts.
- 850.** Player Registration – Parental submission of player information to an affiliated league authorizing participation of the player in all sanctioned play for the seasonal year. This may be accomplished either manually or electronically.
- 860.** Release (**Form 200**) -- GYSA authorized removal of a player from a team roster, and from the league which the team is associated. The player's player pass must be returned to the state office with the release form. Once a player is released, he/she is put on inactive status with GYSA and is placed in an inactive player pool. The released player is then ineligible to participate in any practices or games, or in any tournaments. In order to be returned to active status during the same seasonal year, the player must go back to his/her original league and re-register or initiate a transfer request (Form 100) with that affiliated league.
- 870.** Release form (**Form 200**) -- The form used to remove a player from a team roster. The form is normally initiated by the player's parent/guardian, but can be initiated by the coach if the player is unable to play for one of the following reasons:
- 870.1** Player has violated US Youth Soccer Association's rules or state disciplinary rules.
- 870.2** Player has moved beyond a reasonable travel distance.
- 870.3** Player is injured in such a manner, he/she will be unable to participate for the remainder of the season.
- 880.** Roster -- The GYSA official list of players registered to an individual team.
- 880.1** Rostered Player – A registered player that has been assigned by the affiliated league to a team and appears on an official GYSA roster.
- 890.** Seasonal Year -- September 1 to August 31
- 900.** Transfer -- GYSA authorized movement of a current or previously rostered player onto another roster, or the GYSA authorized movement of a player who returns to the same roster within the current seasonal year.
- 910.** Transfer form (**Form 100**) -- The form used to track player movement from one team/league to another team/league. The form is initiated by the player's parent/guardian. Transfer form must be complete when submitted to GYSA, stating the reason for the request. Approval of a transfer rests with the Program Representative and the GYSA Registrar.
- 910.1** Primary team is that designation given to a player's first team, when a true Under 14 player is dual registered. A player must give consideration to his primary team's games and functions, and a player may only participate in state cup play with his primary team.
- 920.** Illegal recruiting is defined as any contact with a signed player or parents of a signed player prior to the expiration of a fourteen-day waiting period subsequent to notification of the player's coach, from the time that registrations are submitted to Georgia State Soccer Association until the Tuesday following Memorial Day.
- 930.** Active Status – a player is considered to be on active status if he/she is rostered to a team that is registered with GYSA for the current seasonal year.
- 940.** Inactive Status – a player is considered to be inactive if he/she executes a release from a team, and remains inactive until he/she transfers to another team or registers for the next seasonal year.
